COOKIES

We use persistent cookies to support a smooth user experience. This cookie remains on your computer after you close your browser and may be used by your browser on subsequent visits to our websites. We also use cookies to better understand how you interact with our websites and services and to improve our websites and services overall.

COOKIES WE USE

Google analytics
These cookies are used to collect information about how visitors use our website, which we use to help improve it. The cookies collect information in an anonymous form, including the number of visitors to the site, where visitors have come to the site from and the pages they visited. Find out more about google analytics privacy please visit www.google.com/intl/en_uk/analytics/privacyoverview.html if you do not wish to have cookies placed on your computers, please set your browsers to refuse cookies before visiting our websites and using our services.

Social networks
social networks places cookies from this website so as to personalise your online experience (for example, to enable you to tweet about things you see on the website).

HOW TO DISABLE/ENABLE COOKIES

In order to disable/enable cookies from your device, you will need to do this via your Internet browser. We have explained how you may manage cookies on your computer via some of the main Internet browsers below. For information on how to manage cookies your tablet and/or mobile, please consult your documentation or online help files.

Google Chrome
In the settings menu, select 'show advanced settings' at the bottom of the page
Select the 'content settings' button in the privacy section
The top section of the page that then appears tells you about cookies and allows you to set the cookies you want. It also allows you to clear any cookies currently stored.

Mozilla Firefox
In the tools menu, select 'options'
Select the privacy tab in the options box
From the dropdown choose, 'use custom settings for history'. This will bring up the options for cookies and you can choose to enable or disable them by clicking the tickbox.

Internet Explorer 6+
In the tools menu, select 'Internet options'
Click the privacy tab
You will see a privacy settings slider which has six settings that allow you to control the number of cookies that will be placed: Block All Cookies, High, Medium High, Medium (default level), Low, and Accept All Cookies.

Safari browser
In the settings menu, select the 'preferences' option
Open the privacy tab
Select the option you want from the 'block cookies' section

**All other browsers**
For information on how to manage cookies via other browsers, please consult your documentation or online help files.
